

Omni CRA Emergency Business Microgrant

In response to the COVID-19 epidemic and Miami-Dade Emergency Order 03-20 and 07-20, closing all non-essential businesses and limiting the activities in businesses allowed to remain open, the Omni CRA has appropriated \$1,000,000 to be used for immediate relief of economic distress for small businesses. This funding will be made available as a grant of up to \$25k for eligible businesses and can be applied to mitigate costs associated with the pandemic. Because the CRA has previously engaged in an extensive campaign to foster walkable ground-floor activations, particularly focusing on retail, restaurants, and other businesses that depend on foot traffic which are heavily impacted by COVID-19 quarantines and closures, these businesses are particularly vital to the healthy redevelopment of the neighborhood. In accordance with Florida Statute 163 Part III, the grants are not available to businesses outside of the CRA redevelopment area. The goal of the program is to provide businesses located within the CRA redevelopment area with immediate financial relief to avoid the blighting influence from permanent closures due to temporary coronavirus restrictions. These grants will provide financial assistance to help small businesses with meeting basic obligations such as rent, payroll and utilities, and to remain viable over the term of Emergency and during the Reopening. This grant aims to help leverage other public assistance programs and private dollars, encourages businesses to maintain their labor force during lockdown and after the Emergency Order is lifted.
